FORWARD LOOKING STATEMENTS

This document includes certain "forward looking statements" with respect to the business, strategy and plans of Lloyds TSB Group and HBOS and their respective expectations relating to the Acquisition and their future financial condition and performance. Statements that are not historical facts, including statements about Lloyds TSB Group's or HBOS's or their respective management's beliefs and expectations, are forward looking statements. Words such as "believes", "anticipates", "estimates", "expects", "intends", "aims", "potential", "will", "would", "could", "considered", "likely", "estimate" and variations of these words and similar future or conditional expressions are intended to identify forward looking statements but are not the exclusive means of identifying such statements. By their nature, forward looking statements involve risk and uncertainty because they relate to events and depend upon future circumstances that may or may not occur.

Examples of such forward looking statements include, but are not limited to, statements about expected benefits and risks associated with the Acquisition, projections or expectations of profit attributable to shareholders, anticipated provisions or write-downs, economic profit, dividends, capital structure or any other financial items or ratios; statements of plans, objectives or goals of Lloyds TSB, HBOS or the combined business following the Acquisition; statements about the future trends in interest rates, liquidity, foreign exchange rates, stock market levels and demographic trends and any impact that those matters may have on Lloyds TSB, HBOS or the combined company following the Acquisition; statements concerning any future UK, US or other economic environment or performance; statements about strategic goals, competition, regulation, regulatory approvals, dispositions and consolidation or technological developments in the financial services industry; and statements of assumptions underlying such statements.

Factors that could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward looking statements made by Lloyds TSB or HBOS or on their behalf include, but are not limited to, general economic conditions in the United Kingdom, the United States or elsewhere; regulatory scrutiny, legal proceedings or complaints; changes in competition and pricing environments; the inability to hedge certain risks economically; the adequacy of loss reserves; the ability to secure new customers and develop more business from existing customers; the Acquisition not being completed or not being completed as currently envisaged; additional unanticipated costs associated with the Acquisition or the operating of the combined

company; or an inability to implement the strategy of the combined company or achieve the Acquisition benefits set out herein. Additional factors that could cause actual results to differ materially from forward looking statements are set out in the most recent annual reports and accounts of the Lloyds TSB Group and HBOS, including Lloyds TSB Group's most recent annual report on Form 20-F filed with the SEC.
